

Basic Detail Report

Burden basket

Date

c. 1905

Primary Maker

Ella Bent

Medium

Willow, martynia, and rawhide

Description

Weave, twined. Typical burden basket shape with rawhide fastened over bottom and four vertical hide strips on exterior of frame sticks. Long hide strips hang from rawhide around bottom, from side strips and midway between strips at rim. Handles are fastened to two strips on exterior. Geometric design of martynia in three strips around basket; rim also of martynia in over and over

stitch. Two red bands twined with full twist overlay.
